System Review Report

Dear Ms. Jeffrey:

We have reviewed the system of quality control for the audit organization of the Corporation for National and Community Service (CNCS) Office of the Inspector General (OIG) in effect for the year ended September 30, 2015. A system of quality control encompasses CNCS OIG's organizational structure and the policies adopted and procedures established to provide it with reasonable assurance of conforming with *Government Auditing Standards*. The elements of quality control are described in *Government Auditing Standards*. CNCS OIG is responsible for establishing and maintaining a system of quality control that is designed to provide CNCS OIG with reasonable assurance that the organization and its personnel comply with professional standards and applicable legal and regulatory requirements in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and CNCS OIG's compliance therewith based on our review.

Our review was conducted in accordance with *Government Auditing Standards* and the Council of the Inspectors General on Integrity and Efficiency (CIGIE) *Guide for Conducting Peer Reviews of the Audit Organizations of Federal Offices of Inspector General*. During our review, we interviewed CNCS OIG personnel and obtained an understanding of the nature of the CNCS OIG audit organization, and the design of CNCS OIG's system of quality control sufficient to assess the risks implicit in its audit function. Based on our assessments, we selected audits and administrative files to test for conformity with professional standards and compliance with CNCS OIG's system of quality control. The audits selected represented a reasonable cross-section of CNCS OIG's audit organization, with emphasis on higher-risk audits. Prior to concluding the peer review, we reassessed the adequacy of the scope of the peer review procedures and met with CNCS OIG management to discuss the results of our review. We believe that the procedures we performed provide a reasonable basis for our opinion.

In performing our review, we obtained an understanding of the system of quality control for the CNCS OIG audit organization. In addition, we tested compliance with CNCS OIG's quality control policies and procedures to the extent we considered appropriate. These tests covered the application of CNCS OIG's policies and procedures on selected audits. Our review was based on selected tests; therefore, it would not necessarily detect all weaknesses in the system of quality control or all instances of noncompliance with it.

There are inherent limitations in the effectiveness of any system of quality control, and, therefore, noncompliance with the system of quality control may occur and not be detected. Projection of any evaluation of a system of quality control to future periods is subject to the risk that the system of quality control may become inadequate because of changes in conditions, or because the degree of compliance with the policies or procedures may deteriorate.

Enclosure 1 to this report identifies the audits that we reviewed.

In our opinion, the system of quality control for the audit organization of CNCS OIG in effect for the year ended September 30, 2015, has been suitably designed and complied with to provide CNCS OIG with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Audit organizations can receive a rating of *pass*, *pass with deficiencies*, or *fail*. CNCS OIG has received an External Peer Review rating of *pass*.

In addition to reviewing its system of quality control to ensure adherence with *Government Auditing Standards*, we applied certain limited procedures in accordance with guidance established by the CIGIE related to CNCS OIG's monitoring of audits performed by Independent Public Accountants (IPAs) under contract where the IPA served as the auditor. It should be noted that monitoring of audits performed by IPAs is not an audit and, therefore, is not subject to the requirements of *Government Auditing Standards*. The purpose of our limited procedures was to determine whether CNCS OIG had controls to ensure IPAs performed contracted work in accordance with professional standards. However, our objective was not to express an opinion and accordingly, we do not express an opinion, on CNCS OIG's monitoring of work performed by IPAs.

Sincerely,

A handwritten signature in black ink, appearing to read "Kurt W. Hyde". The signature is stylized and cursive.

Inspector General

Enclosures

Scope and Methodology

We tested compliance with the Corporation for National and Community Service (CNCS) Office of the Inspector General (OIG) audit organization's system of quality control to the extent we considered appropriate. These tests included a review of 1 of 2 audit reports issued during the period October 1, 2013 through September 30, 2014 (CNCS OIG did not conduct or issue performance audits following government auditing standards during the period October 1, 2014 through September 30, 2015). We also reviewed the internal quality control reviews performed by CNCS OIG.

In addition, we reviewed CNCS OIG's monitoring of audits performed by independent public accountants (IPAs) where the IPA served as the auditor during the period October 1, 2014, through September 30, 2015. During the period, CNCS OIG contracted for the audit of its agency's fiscal year 2014 financial statements. CNCS OIG also contracted for certain other audits that were to be performed in accordance with *Government Auditing Standards*.

We visited CNCS OIG's office located in Washington, D.C.

Reviewed Audits Performed by CNCS OIG

Re: Response to Report on the System of Quality Control of the Audit Section of the Office of Inspector General for the Corporation for National and Community Service

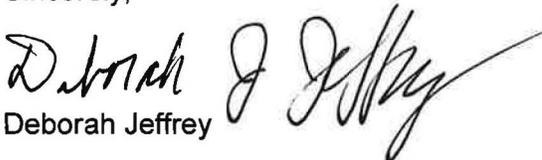

Dear Mr. Hyde:

My audit staff and I have reviewed the results of your office's review of the system of quality control for this office's Audit Section.

I would like to extend my appreciation to you and your staff for their excellent work in conducting the recent external quality control review of this office's Audit Section. I am pleased with the positive outcome of the peer review, which is crucial to maintaining credibility with our stakeholders.

If you have any question, please contact me or have your staff contact AIGA Stuart Axenfeld at (202) 606-9360.

Sincerely,

Deborah Jeffrey
